

CURZON

DIGITAL AND TECHNOLOGY ASSISTANT

Curzon is the UK's first fully integrated independent film company across production, distribution, and exhibition. Curzon is using its 85-year-old prized brand to build a film content-led business that provides unforgettable films in quality surroundings via its Curzon-branded cinemas and digital channels.

Purpose of Role

This person will join the group technology team and provide support and assistance for the websites and apps as well as assist the wider technology department in other projects.

Role Responsibilities

- Continuous testing of the website and apps across multiple platforms
- Work with the web development teams to assist with new feature development and testing
- Assist with loyalty issues / admin and troubleshooting member issues
- Weekly data checks
- Cinema and head office systems admin

Skills required

Highly organised and process driven

Detail oriented and capable of working across multiple projects simultaneously

Good communication skills are key

Ability to work with both technical and non-technical audiences

Technically literate, particularly with web technologies

Experience with Vista and Umbraco would be useful

Experience with SQL would also be useful
